Vista™

Summer Dream Wall

STRUCTURE

- All-aluminum construction, including wall
- Slip-resistant finish on coping
- Painted aluminum bottom track
- Stainless steel fasteners
- Top and bottom clips made from extruded aluminum

WALL CLOSURE BARS

- Corrugated aluminum walls held fast by extruded aluminum alloy
- Designed for maximum resistance to pressure
- Cutting-edge engineering using leading materials

DELTA 3000 SUPPORT SYSTEM

- Oval pools only
- Incorporates aluminum tie bars and a water plate
- Provides exceptional structural integrity for oval pools
- Eliminates need for unsightly side struts
- Engineered to ensure maximum swimming area for minimal space

PATENTED LINER RECEIVER

- Holds pool liner snug to prevent slippage, damage
- Integral part of leading-edge pool design
- Ensures long liner life and easy maintenance

Solid Decisions

Why Choose Aluminum?

Nothing delivers value like extruded aluminum. Here are a few reasons why aluminum is your best investment for long-term enjoyment:

- Corrosion resistance. Aluminum's very atomic structure makes it resistant to rust and corrosion, which means it can stand up to soil, minerals, moisture and chemicals.
- Total reliability. There's a reason that aluminum is the material of choice for the airline, automotive and construction industries. Fighter jets, skyscrapers, scaffolding and bridges – aluminum is the material people trust with their lives.
- Incredible strength. Pound for pound, aluminum is twice as strong as steel, and even stronger compared to resin. When it comes to retaining the pressure of thousands of pounds of water, aluminum is always up to the challenge.

Pool Warranty
Limited Lifetime Warranty

Endless Summer Fun

When it's hot outside, nothing beats wading in the cool waters of your Vista above ground pool!

WATER SAFETY

Your above ground pool has been designed to provide you with years of safe, family fun. This entails that water safety must always be taken into account. When used incorrectly, your above ground swimming pool can be dangerous; above ground pools are shallow, and this makes diving and jumping unsafe. To ensure your above ground pool is used safely you must observe the safety precautions that are provided to you when you purchase an above ground pool and conform to all local regulations.
